2. **Why and how do we process your personal data?**

**Purpose of the processing operation:**

Twinning is a European Union instrument for institutional cooperation between Public Administrations of EU Member States and of beneficiary or partner countries. Twinning projects bring together public sector expertise from EU Member States and beneficiary countries with the aim of achieving concrete mandatory operational results through peer to peer activities.

This record of processing aims to cover the following activities:

- Organisation of Twinning activities and dissemination of relevant information related to the implementation of Twinning instrument. This process also includes exchange of information with the National contact Points and the circulation of a newsletter to relevant stakeholders.
- RTA training sessions in Brussels or online on twinning procedures mainly for the Resident Twinning Advisers but also opened to other stakeholders of ongoing Twinning projects.
- Support to the beneficiary institution and EU Delegations for drafting the Twinning fiche.
- Entering information related to each Twinning project since pipeline status into the Twinning Database.

Commission Decision C(2019)7438 Final on the financing of the annual work programme relating to coordination and promotion of awareness on development issues for 2019 - implemented through -:

Those experts, together with other selected officials (EU MS Project Leader and either the counterpart of the RTA or the Project Leader from Partner Country) are entitled to receive a training session in Brussels or online on twinning procedures. Those trainings are organised by IBU at least one time per year.
