EU SUPPORT TO REFUGEES IN TÜRKİYE

MONITORING REPORT
Annex: Indicator Charts and Analysis

December 2023

RESULTS ACHIEVEMENT PROGRESS
(As of 30 June 2023)
An Explanatory Note on the Indicator Charts and Analysis

This annex presents more detailed information on each of the indicators (from the Facility Results framework) which are reported upon in this FMR. This includes recent indicator values, targets, baselines, achievement rates, and changes since the previous report (FMR-10). The information is presented using dashboard graphics from the SUMAF data management system.

For those indicators with historical data, we present trends over time to help the reader's understanding of performance over time. Where data relates to specific provinces we present it using a 'heat map' (where colour density relates to the indicator value). This method of visual analysis simplifies the comprehension of geographical data and highlights the top ten provinces in terms of progress achieved. Additionally, to provide a more granular understanding, we present disaggregated data for the majority of the indicators (e.g. by gender, nationality, age group, etc.).

The 'Change since last report' section presents any updates on new data or changes that have emerged since the last FMR (e.g., FMR 11). For instance, during the first half of 2023, we witnessed an increase of 45,010 refugee children receiving catch-up training. This change was calculated by subtracting the Q4/2022 value (105,971) from the Q2/2023 value (150,981). In instances where data for a particular indicator was not available in Q4/2022 (the cut-off date for the previous FMR), we've relied on the most recent previously reported value for comparison.

Education

INTERMEDIATE OUTCOME 1
Increased refugee access and retention in formal education

INTERMEDIATE OUTCOME 2
Access to vocational and higher education

INTERMEDIATE OUTCOME 3
Access to pre-primary education

OUTPUT 1
Appropriate education and support services provided to children/youth

OUTPUT 2
Economic and logistical support provided to refugee and poor H.C school and uni. students

OUTPUT 3
Improved education staff level and quality

OUTPUT 4
Increased educational infrastructure capacity
### Long Term Outcome
Refugee children and adults are enrolled in the education system and receive quality education, and the quality of education for host community members children is sustained.

### EDUCATION
