5. **OBJECTIVES PURSUED**

This action aims to activate the non-repayable financial support of Pillar I of the Ukraine Facility.
The Ukraine Facility makes available to Ukraine financial support of up to EUR 5 270 000 000 for the period 2024-2027 in the form of non-repayable support. Most of this support is channelled via the Ukraine Plan (the Plan), which constitutes the basis for support provided under Pillar I of the Facility.

The Plan includes 15 sectoral chapters and 3 horizontal chapters on the reconstruction and modernisation processes across all levels of the government, on the mechanisms and arrangements to protect the financial interests of the Union, and on the stakeholders’ consultation during the preparation of the Plan. A total of 146 measurable qualitative and quantitative steps are linked to the financing under the Plan. Beyond the measures covered under the Facility, the Plan proposes a broader reform and investment agenda. In this regard, it serves as one comprehensive Plan for the Ukrainian government, setting out the reform and investment priorities for all the donors in the short to medium term.

The Council Implementing Decision (EU) 2024/1447 of 14 May 2024 on the approval of the assessment of the Ukraine Plan sets out the qualitative and quantitative steps necessary to implement the Plan, and the amount to be made available from the Union in the form of non-repayable financial support, as well as loan support. Payments will be made in instalments distributed over 2024-2027 upon Ukraine’s satisfactory fulfilment of the relevant qualitative and quantitative steps and following the Council implementing decision establishing the satisfactory fulfilment of the conditions for payments.

This decision will enable the Commission to release instalments, in accordance with the Framework Agreement and Financing Agreement to be concluded between the Union and Ukraine pursuant to Articles 9 and 10, respectively, of Regulation (EU) 2024/792. Releases will be conditional on available budget appropriations, the fulfilment of the precondition for Union support in accordance with Article 5 of Regulation (EU) 2024/792 and a decision by the Council, taken in accordance with Article 26 of Regulation (EU) 2024/792, that Ukraine has satisfactorily fulfilled the relevant qualitative and quantitative steps identified in relation to the implementation of the Ukraine Plan following a positive assessment by the Commission. In order to be eligible for payment, Ukraine shall complete the quantitative and qualitative steps no later than 31 December 2027.

   The Financing Agreement will set out the conditions for payment of the Budget Support.
2. **EXPECTED RESULTS**

Timely release of instalments under Pillar I of the Ukraine Facility, against positive assessment that Ukraine has satisfactorily fulfilled the relevant qualitative and quantitative steps identified in relation to the implementation of the Ukraine Plan.
