- (4) Following the unprovoked and unjustified military aggression initiated on 24 February 2022 by Russia against Ukraine, it is necessary to provide a quick response to support the Ukrainian authorities and the Ukraine’s population under those unprecedented circumstances. Consequently, it is appropriate to modify Implementing Decision C(2022) 1783 final in order to contribute to the Union response to address some of the most urgent needs resulting from Russia’s war of aggression against Ukraine. The response should consist of amending the Annex III of the Implementing Decision C(2022) 1783 final in order to increase the budget with additional EUR 66 000 000, to be financed under the Neighbourhood geographic programme under Regulation (EU) 2021/947.
- (5) The amendment under Annex III “Reducing vulnerabilities and enhancing food security through support to conflict affected populations and agricultural production in Ukraine” aims at contributing to the reconstruction and rehabilitation of schooling facilities.
- (6) It is necessary to allow for the payment of interest due for late payment on the basis of Article 116(5) of Regulation (EU, Euratom) 2018/1046.
- (7) In order to allow for flexibility in the implementation of the measure, it is appropriate to allow changes which should not be considered substantial for the purposes of Article 110(5) of Regulation (EU, Euratom) 2018/1046.
- (8) Therefore, Implementing Decision C(2022) 1783 final should be amended accordingly.
- (9) The proposed assistance is to comply with the conditions and procedures set out by the restrictive measures adopted pursuant to Article 215 TFEU⁶.
- (10) This Decision is in accordance with the opinion of the Committee established under Article 45 of Regulation (EU) 2021/947,
