CIRCULATION OF FICHES 2015

Following the design and programming of twinning projects with the aim to provide public sector expertise to help new Member States and candidate countries to address identified shortcomings in the transposition and implementation of the *acquis*, the Commission/the Programme Administration Offices circulate all twinning project fiches to all EU Member States and invites them to submit project proposals by a given deadline. Selection meetings are then organised for Member States to present their project proposals to the beneficiary country which selects the most suitable proposal. Where no project proposals have been received or where the beneficiary country/the European Commission decided not to chose any of the proposals received, it may be decided to re-circulate project fiches and again invite Member States to submit project proposals. For further details, please see the twinning manual (in particular section 3).

European Commission

CIRCULATION OF FICHES 2015

22/01/2016

Following the design and programming of twinning projects with the aim to provide public sector expertise to help new Member States and candidate countries to address identified shortcomings in the transposition and implementation of the *acquis*, the Commission/the Programme Administration Offices circulate all twinning project fiches to all EU Member States and invites them to submit project proposals by a given deadline. Selection meetings are then organised for Member States to present their project proposals to the beneficiary country which selects the most suitable proposal. Where no project proposals have been received or where the beneficiary country/the European Commission decided not to chose any of the proposals received, it may be decided to re-circulate project fiches and again invite Member States to submit project proposals. For further details, please see the twinning manual (in particular section 3).
