Thematic priority 1 builds on identified strategic opportunities related to the increasing importance of tourism as an economic opportunity while fostering cultural exchange and promotion of natural heritage will sustain people-to-people and civil society dialogue between institutions.

Thematic priority 2 is needs and opportunity-driven and seeks to address low employment levels in the Programme Area.
Thematic priority 3 aims to respond to specific needs of one of the most neglected policy sectors; environment and climate change. In the CBC context this will address issues of the promotion of cleaner and greener economy, more responsible and sustainable use of natural resources, climate resilience small-scale support infrastructure (against flooding and wildfires) and soil erosion in the mountainous border area.

- Overview of past and on-going CBC experience including lessons learned

Key recommendations from interim evaluations and audits on the 2007-2013 CBC programmes have been taken on board in the development of this programme. Thus, the 2014-2020 CBC programmes are more focused as regards the number of thematic priorities addressed and the geographical eligibility, which will help to achieve better results and increased impact.
