COMMISSION IMPLEMENTING DECISION

of 26.6.2023

on the financing of the Annual Action Plan 2023 of the Multi-Country Migration Programme for the Southern Neighbourhood

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Whereas:

(1) In order to ensure the implementation of the annual action plan to support countries in the Southern Neighbourhood for the management of migration flows for 2023, it is necessary to adopt an annual financing decision, which constitutes the annual work programme for 2023. Article 110 of Regulation (EU, Euratom) 2018/1046 (‘the Financial Regulation’) establishes detailed rules on financing decisions.

(2) The envisaged assistance should comply with the conditions and procedures set out by the restrictive measures adopted pursuant to Article 215 TFEU\(^3\).

(3) The Commission has adopted the Multiannual Multi-Country Migration Programme for the Southern Neighbourhood for 2021-2027 (MIP)\(^4\), which in line with the Pact on Migration and Asylum\(^5\) and reflecting the Joint Communication on a Renewed Partnership with the Southern Neighbourhood\(^6\), sets out four priorities. communities, notably in North Africa. The second priority aims at strengthening migration and asylum governance and management, while the third priority aims at fostering return, readmission and sustainable reintegration. Supporting a comprehensive approach to legal migration and mobility is the fourth priority.

4) The present decision focuses on the first three MIP priorities reflecting the most pressing needs assessed jointly with partner countries. The objectives pursued by the annual action plan to be financed under the Neighbourhood geographic programme of the Neighbourhood, Development and International Cooperation Instrument should include: 1) support safe and human rights-based migration governance, 2) increase voluntary returns from North Africa and sustainable reintegration of irregular migrants in North Africa and countries of origin, 3) enhance protection and resilience of people most at risk and strengthen socio-economic cohesion in communities, and 4) increase prospects for migration interventions to contribute to the desired impacts.

5) In order to support safe and human rights-based migration governance, this action will strengthen partner countries’ ability to manage migration, their borders and their search and rescue operations, in particular in Tunisia and Egypt, as well as prevent and combat smuggling of migrants and trafficking of human beings in compliance with international obligations and human rights standards, in particular in Tunisia and Egypt.

6) In order to increase assisted voluntary returns from North Africa, in particular Tunisia and Egypt, and sustainable reintegration in countries of origin, this action will support partner countries in managing migration flows while respecting the rights of migrants and other vulnerable people.

7) In order to enhance protection and resilience of people most at risk and strengthen socio-economic cohesion in communities, this action will address in particular populations targeted in Libya and Morocco, and if required communities in Tunisia and Egypt can be included.

8) To increase prospects for migration interventions to contribute to the desired impacts, this action includes a number of services required to ensure the impact of the activities such as studies, evaluations and third-party monitoring.

9) Although legal migration is not a main specific objective of this action, some of the activities will also include in their scope legal migration related elements mainly addressing employment opportunities for migrants with the purpose of increasing their resilience and protection and increasing the capacity of third countries managing it.

10) In accordance with Article 43 of Regulation (EU) 2021/947, the action set out in the Annex is of a regional nature, fostering regional cooperation in the Southern Neighbourhood. The action's objective and design fulfil the criteria for Official Development Assistance established by the OECD/DAC, as per the requirements of Article 3(4) of Regulation (EU) 2021/947, contributing to the sustainable development of partner countries and the implementation of the 2030 agenda. Due to the action’s nature and the importance to ensure complete regional coverage, the eligibility of the action extends exceptionally to the countries identified in the Annex, as their participation constitutes a substantial element to ensure the coherence and effectiveness of Union financing or to foster regional cooperation.

11) It is appropriate to authorise the award of grants without a call for proposals and to provide for the conditions for awarding those grants.
Pursuant to Article 26(1) of Regulation (EU) 2021/947, indirect management is to be used for the implementation of part of the action plan.

The Commission is to ensure a level of protection of the financial interests of the Union with regards to entities and persons entrusted with the implementation of Union funds by indirect management as provided for in Article 154(3) of the Financial Regulation.

To this end, such entities and persons are to be subject to an assessment of their systems and procedures in accordance with Article 154(4) of the Financial Regulation and, if necessary, to appropriate supervisory measures in accordance with Article 154(5) thereof before a contribution agreement can be signed.

It is necessary to allow for the payment of interest due for late payment on the basis of Article 116(5) of the Financial Regulation.

In order to allow for flexibility in the implementation of the action plan, it is appropriate to allow changes which should not be considered substantial for the purposes of Article 110(5) of the Financial Regulation.

The action plan provided for in this decision is in accordance with the opinion of the Committee established under Article 45 of Regulation (EU) 2021/947.
