adopting a

Cross-border cooperation Action Programme

between the former Yugoslav Republic of Macedonia and the Republic of Albania

for the years 2018-2020

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 236/2014 of the European Parliament and of the Council of 11 March 2014 laying down common rules and procedures of the implementation of the Union’s instruments for financing external action and in particular Article 2(1) thereof,

Whereas:

(1) In order to ensure the implementation of the cross-border cooperation programme for the period 2014-2020 between the former Yugoslav Republic of Macedonia and the Republic of Albania, it is necessary to adopt a multiannual financing decision, which constitutes the multiannual work programme, for 2018-2020. Article 110 of Regulation (EU, Euratom) 2018/1046 (‘the Financial Regulation’) establishes detailed rules on financing decisions.

(2) The envisaged assistance to the former Yugoslav Republic of Macedonia and the Republic of Albania is deemed to follow the conditions and procedures set out by the restrictive measures adopted pursuant to Article 215 TFEU.

(3) Regulation (EU) No 231/2014 lays down the objectives and main principles for pre-accession assistance to beneficiaries listed in Annex I to that Regulation.

(4) In accordance with Article 7 of the Regulation (EU) No 231/2014 the assistance should be implemented through annual or multi-annual programmes, country specific or multi-country programmes, as well as cross-border cooperation programmes. These programmes should be drawn up in accordance with the Regulation (EU) No 231/2014.
and the relevant country or multi-country indicative strategy papers referred to in Article 6 of that Regulation.

For years other than the initial commitment year 2018, the commitments are indicative and depend on the future annual budgets of the Union.

(7) The cross-border cooperation programme between the former Yugoslav Republic of Macedonia and the Republic of Albania for the period 2014-2020 approved through the Commission Implementing Decision C(2014) 9674 of 11 December 2014, provides the framework for the adoption of the cross-border cooperation action programmes and sets out the indicative allocations for the period 2014-2020 without constituting a financial commitment itself.\(^5\)

(8) It is necessary to allow for the payment of interest due for late payment on the basis of Article 116(5) of Regulation (EU, Euratom) 2018/1046.

(9) In order to allow for flexibility in the implementation of the work programme, it is appropriate to allow changes which should not be considered substantial for the purposes of Article 110(5) of the Financial Regulation.

(10) The action programme provided for by this Decision is in accordance with the opinion of the IPA II Committee set up by Article 13 of the Regulation (EU) No 231/2014.

2 DESCRIPTION OF THE ACTION PROGRAMME

The 2014-2020 cross-border cooperation (CBC) programme for the former Yugoslav Republic of Macedonia - Republic of Albania was approved by Commission Implementing Decision C(2014) 9674 of 11 December 2014. The adopted 2014-2020 programme constitutes the CBC cooperation strategy for the border region, setting out among others the list of geographical eligible areas, the area context, the programme thematic priorities and the indicative budget allocations for the 7 years period.

The 2014-2020 CBC programme also serves as a reference for the adoption of the CBC action programmes. The 2018-2020 CBC action programme aims at providing assistance for cross-border cooperation in the thematic areas spelled out in the 2014-2020 programme (as indicated in section 2.2).

On 6 February 2018, the European Commission adopted a Communication, which aims to generate renewed reform momentum in the Western Balkans and provide significantly enhanced EU engagement to better support their preparations on the European path. The Communication sets the new strategic orientations, in particular as regards the implementation of the six flagship initiatives. In particular, cross-border cooperation is a key vehicle for fostering reconciliation and dealing with the legacy of the past in the Western Balkans, in line with flagship 6 (supporting reconciliation and good neighbourly relations) and for sustainable local development, in line with flagship 3 (supporting socio-economic development).

List of geographical eligible areas

In the former Yugoslav Republic of Macedonia the eligible areas are:

- Pelagonia region: municipalities Bitola, Demir Hisar, Dolneni, Krivogastani, Krusevo, Mogila, Novaci, Prilep, and Resen;
- Polog region: municipalities Bogovinje, Brvenica, Gostivar, Jegunovce, Mavrovo and Rostusa, Tearce, Tetovo, Vrapciste and Zelino;
- Southwest region: municipalities Centar Zupa, Debar, Debarca, Kicevo, Makedonski Brod, Ohrid, Plasnica, Struga and Vevcani.

In the Republic of Albania the eligible areas are:

- Dibra region: districts Bulqiza, Burreli and Diber;
- Elbasan region: districts Cerriku, Elbasan, Gramshi, Librazhd and Peqini;
- Korca region: districts Devolli, Korça, Kolonja and Pogradec.

Cross-border cooperation (CBC) eligible area context

The situation analysis conducted for the preparation of the Programme pointed out several key challenges and opportunities to be addressed and supported through cross-

border cooperation. In particular the Programme envisages addressing the following thematic priorities:

1. Encouraging tourism, culture and natural heritage;
2. Enhancing competitiveness, business, trade and investment;
3. Protecting environment, promoting climate change adaptation and mitigation, risk prevention and management.

Thematic priority 1 builds on identified strategic opportunities related to the increasing importance of tourism as an economic driver. Also, fostering cultural exchange and promotion of natural heritage will enhance dialogue between institutions, including civil society, and people-to-people encounters in general.

Thematic priority 2 is needs and opportunity-driven and seeks to address low employment levels in the Programme Area.

Thematic priority 3 aims to respond to specific needs of one of the most neglected policy sectors: environment and climate change. In this sector the identified needs include the promotion of cleaner and greener economy, more responsible and sustainable use of natural resources, climate resilience small-scale support infrastructures.

**Overview of past and on-going CBC experience including lessons learned**

Key recommendations from interim evaluations and audits on the 2007-2013 CBC programmes have been taken on board in the development of this programme. Thus, the 2014-2020 CBC programmes are more focused as regards the number of thematic priorities addressed and the geographical eligibility, which will help to achieve better results and increased impact. Additionally the implementation of the CBC programmes has been simplified mainly by having a single contracting authority and a single financial envelope per programme.

Key lessons learnt were also identified by the final evaluation of Instrument of Pre-Accession Assistance (IPA) CBC Programmes 2007-2013 that was carried out between 2016 and 2017. The lessons learnt and the recommendations were discussed with the CBC stakeholders in the Western Balkans and follow-up measures were identified for the short and medium term, both for the on-going 2014-2020 CBC programmes and for the future 2021-2027 CBC programmes. The main recommendations regarding all CBC programmes at intra- Western Balkans level include:

- The main objective of promoting good neighbourly relations should be clearly reflected in the CBC projects.
- The calls for proposal should be more focused on a few priority issues that have high cross-border content.
- The intervention logic of programmes and the reporting and monitoring systems must be improved as they are not structured to set out a clear basis for measuring the results at regional level.
- There is a need for keeping on capacity building activities for Operating Structures and Joint Technical Secretariats/Antennas.
There is a need for improving synergies with other policies and donors, capitalising and sharing experiences with the other CBC environments (e.g. INTERREG and ENI CBC programmes).
