C(2016) 8225 final

COMMISSION IMPLEMENTING DECISION

adopting a Multi-country Action Programme for the year 2016
COMMISSION IMPLEMENTING DECISION

adopting a Multi-country Action Programme for the year 2016

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 236/2014 of the European Parliament and of the Council of 11 March 2014 laying down common rules and procedures of the implementation of the Union's instruments for financing external action¹ and in particular Article 2(1) thereof,

Having regard to Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council of 25 October 2012 on the financial rules applicable to the general budget of the Union and repealing Council Regulation (EC, Euratom) No 1605/2002² and in particular Article 84(2) thereof,

Whereas:

(1) Regulation (EU) No 231/2014³ lays down the objectives and main principles for pre-accession assistance to beneficiaries listed in Annex I to that Regulation.

(2) The Multi-country Action Programme for the year 2016 was adopted on 20 July 2016 by Commission Implementing Decision C(2016) 4893 final, and last amended by Decision approved by the authorising officer by sub-delegation on 21 September 2016.

(3) The Multi-country Action Programme for the year 2016 is amended using funds yet available under IPA II national and multi-beneficiary envelopes, in order to increase the funding by EUR 19.4 million for regional actions that are highly relevant for the accession process. In particular, the following modifications are considered appropriate:

i) A re-enforcement of the Action No 10 – Regional Energy Efficiency Programme (REEP) Plus by adding EUR 15 million more, to support the connectivity agenda and in line with the Western Balkans Summit in Paris in July 2016 where it was agreed to support the Conference of Parties (COP) 21 targets by greening the region through additional funding for REEP; as well as modifying some of the implementation arrangements, such as the implementing bodies and some of the entrusted tasks;

ii) The introduction of a new action for an amount of EUR 1.4 million which intends to assist the Western Balkans to improve electoral processes in line with the Organisation for Security and Co-operation in Europe/Office for Democratic Institutions and Human Rights (OSCE/ODHIR) commitments and other international obligations and standards for democratic elections. This action is also in line with the EU Action Plan on Human Rights and Democracy

¹ OJ L 77, 15.03.2014, p. 95.
2015-2019, that sets specific objectives on way to ensure a thorough follow up to EU and OSCE/ODIHR Electoral Observation Missions (EOMs) recommendations in EU political dialogues and democracy support activities. (Action N° 12 - Support to the follow-up of electoral recommendations in the Western Balkans); and,

iii) The introduction of a new action for an amount of EUR 3 million which intends to assist the Western Balkans in their efforts to prevent and combat violent extremism, notably by introducing the Radicalisation Awareness Network (RAN) model and its approach in the Western Balkans and by carrying out small scale actions with specialised (international) organisations/civil society organisations (Action N° 13 - Support to preventing and combating violent extremism (P/CVE) in the Western Balkans).

(4) In addition, a grant to the Mechanism for International Criminal Tribunals – Office of the Prosecutor (MICT OTP) to whom the responsibilities of the International Criminal Tribunal for the former Yugoslavia (ICTY) are being gradually transferred, is required in order to continue the support to the Joint EU and ICTY Training Project for National Prosecutors and Young Professionals from the former Yugoslavia. It is therefore appropriate to amend the Multi-country Action Programme for the year 2016, and in particular, Action No. 5 - European Integration Facility in order to further define the means by which the activities foreseen under the action are being implemented.

(5) Furthermore, a reallocation within the Action No 4 - Preparatory measures for the participation of IPA II beneficiaries in EU Agencies is necessary in order to absorb funds that will not be used by the European Medicines Agency (EMA).

(6) It is necessary to adopt a financing decision, the detailed rules of which are set out in Article 94 of Commission Delegated Regulation (EU) No 1268/2012⁴.

(7) The Commission should be able to entrust budget-implementation tasks under indirect management to the entities specified in this Decision, subject to the conclusion of a delegation agreement. In accordance with Article 60(1) and (2) of Regulation (EU, Euratom) No 966/2012, the authorising officer responsible needs to ensure that these entities guarantee a level of protection of the financial interests of the Union equivalent to that required under Regulation (EU, Euratom) No 966/2012, when the Commission manages Union funds. The European Investment Bank (EIB), the European Bank for Reconstruction and Development (EBRD), and the Kreditanstalt für Wiederaufbau (KfW) comply with the conditions of points (a) to (d) of the first sub-paragraph of Article 60(2) of Regulation (EU, Euratom) No 966/2012 and the supervisory and support measures are in place as necessary.

(8) It is appropriate to authorise the award of grants without a call for proposals to the bodies identified in the Annex and for the reasons provided therein.

(9) The amended Multi-country Action Programme provided for by this Decision is in accordance with the opinion of the IPA II Committee set up by Article 13 of Regulation (EU) No 231/2014⁵.

---

⁵ The Member States have declared, recalling the Council Conclusions of 18 February 2008, that the adoption of the amendment to the programme does not prejudice the position of each individual Member
HAS DECIDED AS FOLLOWS:

*Sole Article*

*Adoption of the amendment*

The Commission Implementing Decision C(2016) 4893 final of 20 July 2016 is amended as follows:

(1) Article 2 is replaced by the following:

"*Financial contribution*

The maximum amount of European Union contribution for the implementation of the programme referred to in Article 1 is set at EUR 60 685 000 and shall be financed from the budget line 22.02.04.01 of the general budget of the EU for the year 2016.

The financial contribution referred to in the first sub-paragraph may also cover interest due for late payment."

(2) The Annex is replaced by the Annex to this Decision.

COMMISSION IMPLEMENTING DECISION

adopting a Multi-country Action Programme for the year 2016
COMMISSION IMPLEMENTING DECISION

adopting a Multi-country Action Programme for the year 2016

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 236/2014 of the European Parliament and of the Council of 11 March 2014 laying down common rules and procedures of the implementation of the Union's instruments for financing external action\(^1\) and in particular Article 2(1) thereof,

Whereas:

(1) Regulation (EU) No 231/2014\(^3\) lays down the objectives and main principles for pre-accession assistance to beneficiaries listed in Annex I to that Regulation.

(2) The Multi-country Action Programme for the year 2016 was adopted on 20 July 2016 by Commission Implementing Decision C(2016) 4893 final, and last amended by Decision approved by the authorising officer by sub-delegation on 21 September 2016.

(3) The Multi-country Action Programme for the year 2016 is amended using funds yet available under IPA II national and multi-beneficiary envelopes, in order to increase the funding by EUR 19.4 million for regional actions that are highly relevant for the accession process. In particular, the following modifications are considered appropriate:

i) A re-enforcement of the Action N° 10 – Regional Energy Efficiency Programme (REEP) Plus by adding EUR 15 million more, to support the connectivity agenda and in line with the Western Balkans Summit in Paris in July 2016 where it was agreed to support the Conference of Parties (COP) 21 targets by greening the region through additional funding for REEP; as well as modifying some of the implementation arrangements, such as the implementing bodies and some of the entrusted tasks;

ii) The introduction of a new action for an amount of EUR 1.4 million which intends to assist the Western Balkans to improve electoral processes in line with the Organisation for Security and Co-operation in Europe/Office for Democratic Institutions and Human Rights (OSCE/ODHIR) commitments and other international obligations and standards for democratic elections. This action is also in line with the EU Action Plan on Human Rights and Democracy.

\(^1\) OJ L 77, 15.03.2014, p. 95.
2015-2019, that sets specific objectives on way to ensure a thorough follow up to EU and OSCE/ODIHR Electoral Observation Missions (EOMs) recommendations in EU political dialogues and democracy support activities. (Action № 12 - Support to the follow-up of electoral recommendations in the Western Balkans); and,

iii) The introduction of a new action for an amount of EUR 3 million which intends to assist the Western Balkans in their efforts to prevent and combat violent extremism, notably by introducing the Radicalisation Awareness Network (RAN) model and its approach in the Western Balkans and by carrying out small scale actions with specialised (international) organisations/civil society organisations (Action № 13 - Support to preventing and combating violent extremism (P/CVE) in the Western Balkans).

(4) In addition, a grant to the Mechanism for International Criminal Tribunals – Office of the Prosecutor (MICT OTP) to whom the responsibilities of the International Criminal Tribunal for the former Yugoslavia (ICTY) are being gradually transferred, is required in order to continue the support to the Joint EU and ICTY Training Project for National Prosecutors and Young Professionals from the former Yugoslavia. It is therefore appropriate to amend the Multi-country Action Programme for the year 2016, and in particular, Action No. 5 - European Integration Facility in order to further define the means by which the activities foreseen under the action are being implemented.

(5) Furthermore, a reallocation within the Action No 4 - Preparatory measures for the participation of IPA II beneficiaries in EU Agencies is necessary in order to absorb funds that will not be used by the European Medicines Agency (EMA).

(6) It is necessary to adopt a financing decision, the detailed rules of which are set out in Article 94 of Commission Delegated Regulation (EU) No 1268/2012.

(7) The Commission should be able to entrust budget-implementation tasks under indirect management to the entities specified in this Decision, subject to the conclusion of a delegation agreement. In accordance with Article 60(1) and (2) of Regulation (EU, Euratom) No 966/2012, the authorising officer responsible needs to ensure that these entities guarantee a level of protection of the financial interests of the Union equivalent to that required under Regulation (EU, Euratom) No 966/2012, when the Commission manages Union funds. The European Investment Bank (EIB), the European Bank for Reconstruction and Development (EBRD), and the Kreditanstalt für Wiederaufbau (KfW) comply with the conditions of points (a) to (d) of the first sub-paragraph of Article 60(2) of Regulation (EU, Euratom) No 966/2012 and the supervisory and support measures are in place as necessary.

(8) It is appropriate to authorise the award of grants without a call for proposals to the bodies identified in the Annex and for the reasons provided therein.

(9) The amended Multi-country Action Programme provided for by this Decision is in accordance with the opinion of the IPA II Committee set up by Article 13 of Regulation (EU) No 231/2014.

---

5 The Member States have declared, recalling the Council Conclusions of 18 February 2008, that the adoption of the amendment to the programme does not prejudice the position of each individual Member
HAS DECIDED AS FOLLOWS:

Sole Article
Adoption of the amendment

The Commission Implementing Decision C(2016) 4893 final of 20 July 2016 is amended as follows:

(1) Article 2 is replaced by the following:

“Financial contribution

The maximum amount of European Union contribution for the implementation of the programme referred to in Article 1 is set at EUR 60 685 000 and shall be financed from the budget line 22.02.04.01 of the general budget of the EU for the year 2016.

The financial contribution referred to in the first sub-paragraph may also cover interest due for late payment.”

(2) The Annex is replaced by the Annex to this Decision.

2 DESCRIPTION OF THE ACTION PROGRAMME

2.1 SECTORS SELECTED UNDER THIS ACTION PROGRAMME

- Rationale for the selection of the specific sectors under this programme:

This IPA II Multi-country action programme is designed to respond to priority needs as identified in the Multi-country Indicative Strategy Paper 2014-2020 (hereinafter referred to as Strategy Paper) adopted on 30 June 2014. The Western Balkans and Turkey face important challenges to meet the political and economic membership criteria and to align with the Union acquis. These challenges are common to all IPA II beneficiaries, although to varying degrees. The IPA II Multi-country programme also contributes to meeting the targets and expected results identified in the Strategy Papers for each IPA II beneficiary.

As pointed out in the Strategy Paper, challenges persist in the area of democracy and rule of law, including the functioning of institutions guaranteeing democracy, empowerment of civil society, the fight against organised crime, safeguarding fundamental rights, such as freedom of expression and the rights of persons belonging to minorities.

While solutions supported by IPA II funds need to be adapted to the specific situation of each individual IPA II beneficiary and supported under a national IPA programme, certain problems are best tackled at regional or horizontal level. This is the case where a beneficiary cannot achieve the desired results alone as they require close cooperation and support from other IPA II beneficiaries (for instance for fighting organised crime), or where joint efforts are more cost-effective since they create synergies or economies of scale. A particular focus on the support to the reconciliation process in the Western Balkans will be ensured.

The Strategy Paper sets out as well how IPA II assistance will support reforms and investments in line with the identified key challenges for competitiveness and growth, in complementarity with assistance provided under the national programmes.

In accordance with the Strategy Paper, assistance will be delivered under the following four headings, each one presenting one dimension of the added value of the horizontal and regional programming:

i. Horizontal support to sector policies and reforms;

ii. Regional structures and networks;

iii. Regional investment support;

iv. Territorial cooperation.

1 C(2014)4293, 30.06.2014
The focus of the 2016 multi-country action programme rests to a large extent on tackling the **fundamentals first**, e.g. fundamental rights, including economic development, as well as on the **connectivity agenda**. It contains 11 regional and horizontal actions grouped under the three first headings of the Strategy Paper. One of the actions also contributes to the fourth heading. Where relevant actions under this multi-country action programme shall also respect and shall be implemented in line with the EU Charter of Fundamental Rights, Universal Declaration of Human Rights and other beneficiaries' international human rights obligations.

Programmes for territorial cooperation and support for civil society development are being decided separately. Also, a financing decision to support investment priorities in infrastructure in the Western Balkans through grants will be taken separately.

- Overview of past and on-going EU, other donors' and/or IPA II beneficiary's actions in the relevant sectors:

When designing this programme due account has been taken of activities implemented under the national programmes, the guidance provided in EU strategic documents, the lessons learned from the programming and implementation of previous EU assistance and the findings from consultations with, *inter alia*, the beneficiaries, International Financial Institutions (IFIs), international organisations, the RCC, EU Member States and civil society organisations.
The lessons learned from IPA I demonstrated that progress towards meeting EU membership criteria is best achieved by a mix of measures planned both at national and at regional level. The IPA interim evaluation and meta-evaluation recommended that the Multi-country programmes should develop more rigorous selection criteria for the supported actions and focus on areas with clear needs for a regional approach. It also concluded that further efforts are needed to involve regional stakeholders more in programming and that national administrations should be involved in project implementation as a way to improve ownership and coordination.

Other conclusions concern economies of scale in horizontal programmes versus efficiency risks, due to sometimes complex set-ups for their implementation under IPA I assistance.

Under IPA II, efficiency concerns will be addressed by more effective coordination, focusing on fewer priorities, comprehensive and longer-term planning and, where relevant, a sector approach.

2.2 DESCRIPTION AND IMPLEMENTATION OF THE ACTIONS

Save differently specified, the essential selection and award criteria for grants (including direct award):
The essential selection criteria are financial and operational capacity of the applicant. The essential award criteria are relevance, effectiveness and feasibility, sustainability and cost-effectiveness of the action.

</thead>
</table>

1) Description of the action, objective, expected results and key performance indicators

Description of the action: This action aims to define and support the implementation of a common investment policy reform agenda in the Western Balkans, aligned with EU standards and regulations. Under the existing structure of the Central European Free Trade Agreement (CEFTA) and the Regional Cooperation council (RCC), these reform efforts will be complemented with the implementation of targeted investment promotion activities to attract more investment in the form of foreign direct investment (FDI) and intra-regional investments. The activities will be framed within the context of the SEE 2020 strategy and the Economic Reform Programmes (ERPs).

Objectives: To contribute to the gradual harmonisation of the investment policies in the Western Balkans with the relevant EU and international standards, and to improve the attraction of the region for international investors by providing practical tools to support the implementation of a regional investment policy integration agenda in the context of the SEE 2020 Strategy and the ERPs, which increase the extra and intra-region FDI inflows, harmonise the regional investments policies and rise their transparency.

Expected results: Regional reform agenda and appropriate regional frameworks developed to increase regional harmonisation and alignment of regional investment
policies with the EU standards and regulations; A set of specific policy level reform indicators established to guide and track progress with regional reform implementation; Improved level of investment policy reform implementation in the economies of the region; Narrowly targeted investor outreach activities implemented to attract investment in specific regional value chains.

Key performance indicators:

- Number of entities receiving advisory services;
- Number of private sector representatives and of intra- and extra-regional investors attending workshops, training events, seminars, conferences, etc., disaggregated by sex;
- Number of new laws/ regulations/ amendments/ codes/ government policies drafted or contributed to the drafting;
- Number of documented interests by investors from the EU and from the Western Balkans.

(2) Assumptions and conditions

Main condition for the timely and successful implementation of the initiative is the full commitment by the IPA II beneficiaries, the World Bank Group (WBG), the RCC and the CEFTA to work towards the objective of setting up a regional investment agenda in the Western Balkans and follow up the adoption and the implementation of the agenda.

(3) Implementation arrangements for the action: Direct management by DG NEAR A3

Grant – Direct grant award (Regional investment policy programme 2016 – 2019):

a) Objectives and foreseen results: See above.

b) Justification for the use of an exception to calls for proposals: Article 190 (1)(f) of the rules of application of Regulation (EU, Euratom) No. 966/2012 of the European Parliament and of the Council on the financial rules applicable to the general budget of the Union\(^2\) (hereinafter referred to as "the Rules of Application"), on account of its technical competence and high degree of specialisation. The WBG's knowledge of the methodology and its mandate, strengths, presence and valuable previous technical expertise in the Western Balkans on this specific type of activity constitutes an extremely valuable advantage for the implementation of the action.

c) Name of the beneficiary: the WBG.

d) Indicative amount of the grant: EUR 2.5 million.

e) Maximum rate of EU co-financing: The maximum possible rate of EU co-financing for grants under this action is 93.30% of the eligible cost of the action. The EU contribution will be complemented by the contribution provided by the WBG and the RCC.

f) Indicative date for signing the grant agreement: Q3 2016.

(I) Description of the action, objective, expected results and key performance indicators

Description of the action: This action aims to build capacity and empower local Roma communities working with local authorities in the Western Balkans and Turkey in achieving sustainable results and lasting impact for Roma women, men and children in the areas of education, employment, health, housing, civil documentation and the cross-cutting issues of anti-discrimination, gender and poverty. In addition, the action will produce quantitative and qualitative data, analysis, and the related policy recommendations on the situation of Roma integration in the Western Balkan and Turkey, including the assessment and recommendations in relation to re-integration of returnees in the Western Balkans.

The action will be carried out through two related components:

- Component 1 - "Local solutions for good governance and empowerment of Roma communities to better integrate with selected municipalities". Extension of the ROMACT methodology to the Western Balkans and Turkey, to strengthen capacities of local authorities and the participation of local Roma communities in a selected number of local authorities. The project will promote the empowerment of the Roma community and the inclusion of specific Roma integration measures in mainstream policies and budget. Small community projects agreed between municipalities and local Roma communities could also be implemented under this component.

- Component 2 - "Development of robust statistical data on socio-economic status of marginalised Roma communities and related policy advice for an effective integration, including attention to the new challenge of increased number of Roma returnees". This will be achieved by: (i) repeating the 2011 Roma Regional Survey on gaps between Roma and non-Roma populations in the key priority areas (employment, education, health, housing and civil documentation) and producing the corresponding policy recommendations; (ii) assessing the situation, reintegration experiences and challenges faced by returnees from Western Europe to the Western Balkans and policy recommendations on appropriate responses.

Objectives: To empower and strengthen capacities of Roma communities to better integrate in the Western Balkans and Turkey, to produce solid data and analytical basis to advise on policies for better integration of Roma community and returnees.

---

3 The term “Roma” is used here, to refer to a number of different groups (such as Roma, Sinti, Kale, Gypsies, Romanichels, Boyash, Ashkali, Egyptians, Yenish, Dom, Lom) and also includes Travellers, without denying the specificities and varieties of lifestyles and situations of these groups.

4 The assessment will not be limited to returnees who will be repatriated due to the new “safe country of origin” status, but also those who returned under earlier initiatives, e.g. in the wake of the 2009 decision of the German Government to return (Roma) asylum seekers to Kosovo.

*This designation is without prejudice to positions on status, and is in line with UNSCR 1244/1999 and the ICJ Opinion on the Kosovo Declaration of Independence.
Expected results: Better integration of Roma population in the local communities through participation in local policy making and implementation of local actions; Solid knowledge of state of play and challenges related to Roma integration in general and Roma refugees in particular; policy advise on effective integration policies for returnees.

Key performance indicators:

- Number of approved Roma integration actions plans at municipal level elaborated in consultation with the Roma communities and successfully implemented;
- Number of local actions implemented with the support of Roma facilitators;
- Number of innovative measures adopted/practices established for Roma integration and their impact on closing the gap between Roma and non-Roma communities;
- Knowledge, information and advocacy material, with a view to support evidence-based policy making by local and national authorities;
- Improved understanding of challenges and key factors for the successful integration of returnees, identification of good practices at the local and national level for reintegration.

(2) Assumptions and conditions

Not applicable.

(3) Implementation arrangements for the action: Direct management by DG NEAR D5

Component 1 - Grant - Direct grant award (Extension of the ROMACT methodology to the Western Balkans and Turkey):

a) Objectives and foreseen results: Extending the ROMACT methodology to the Western Balkans and Turkey, to assist the local authorities to work with Roma local communities and integrate Roma specific dimension/measures into the mainstream policies, budgets and public service delivery. Activities are meant to support strategic interventions (training, coaching, implementation of participatory working cycles, advocacy actions, etc. during key moments of the municipal cycles: planning, budgeting, local decisions, projects etc.) which influence the attitudes, behaviour and actions of the local actors.

b) Justification for the use of an exception to calls for proposals: Article 190 (1)(f) of the Rules of Application, on account of its technical competence and high degree of specialisation. With support of the European Commission, the Council of Europe (CoE) has successfully implemented the ROMACT Project since 2013 in 6 EU Member States. The CoE will be awarded the grant directly as: (i) they have implemented ROMACT in the past refining over time the methodology and the management capacities; (ii) for their expertise and presence in EU MSs with which the IPA II beneficiaries will have to align in the future; (iii) the CoE is also contributing financially to the activity.

c) The name of the beneficiary: Council of Europe.

d) Indicative amount of the grant: EUR 3 million.
e) **Maximum rate of EU co-financing**: The maximum possible rate of EU co-financing is 80% of the eligible cost of the grant.

f) **Indicative date for signing the grant agreement**: Q4 2016.

**Component 2 – Two Grants - Direct grant award** *(Solid socio-economic data on gap between Roma and non Roma population in the Western Balkans and Turkey; assessment on reintegration of returnees in the Western Balkans and related policy recommendation)*:

a) **Objectives and foreseen results**: Development of robust statistical data on socio-economic status of marginalised Roma communities, assessment and related policy advice for an effective integration, including attention to the new challenge of increased number of Roma returnees. As regards the socio-economic data, the survey should build on the United Nations Development Programme (UNDP) / World Bank Regional Roma Survey conducted in 2011. This measurement exercise has the purpose to assess the gap between Roma and non Roma in the five Roma integration priority areas (education, health, employment, access to adequate housing, civil registration). As regards the new element of returnees, the assessment should focus on understanding the situation and reintegration experiences and needs of Roma and non-Roma returnees in the Western Balkans, to guide evidence-based policy dialogue and implementation on the appropriate development response.

b) **Justification for the use of an exception to calls for proposals**: Article 190 (1)(f) of the Rules of Application, on account of its technical competence and high degree of specialisation. UNDP and the World Bank will both be awarded one direct grant: (i) due to their work on a similar socio-economic survey in 2011; (ii) expertise and presence on the ground; (iii) co-financing contribution to the activity; (iv) knowledge of the survey methodology and questionnaires used in 2011 will be crucial to ensure comparability across time and reliable monitoring results; (v) expertise of the World Bank currently engaged in the provision of policy advice to governments on services for the reintegration of returnees (Caucasus, Azerbaijan, Syria and Turkey).

c) **The name of the beneficiaries**: UNDP and the World Bank.

d) **Indicative amount of the grants**: EUR 0.75 million for UNDP (Pillar Assessed Grant Agreement) and EUR 1.25 million for the World Bank (Administration Agreement).

e) **Maximum rate of EU co-financing**: The maximum possible rate of EU co-financing for the grant to UNDP is 83.3% of the eligible cost of the grant; for the Administration Agreement with the World Bank, the maximum possible rate of EU co-financing is 96.6% of the eligible cost of the grant (to be confirmed at contract signature due to possible fluctuation in the exchange rate).

f) **Indicative date for signing the grant agreement**: Q4 2016.
(1) Description of the action, objectives, expected results and key performance indicators

Description of the action: The action will promote participation of young people and youth workers from the Western Balkans in Erasmus+ non-formal learning projects, reinforcing capacity building in the field of youth and allowing organisations from Western Balkans to act as project coordinators and apply directly for an EU grant under the framework of the Erasmus+ programme. To this end, organisational development and capacity building projects in the field of youth will be implemented with the aim to strengthen youth cooperation between Erasmus+ Programme countries and the Western Balkans, as well as cross-border cooperation within the Western Balkan region.

Activities to be supported will include youth exchanges, European Voluntary Service for young people as well as activities encouraging cooperation, networking and exchanges of practices in the field of youth, seminars, conferences, workshops, meetings, training courses, study visits and job-shadowing for youth workers.

Objectives: To improve the level of key competences and skills of young people, including those with fewer opportunities, facilitating young people's active participation in democratic life and the labour market, by means of international non-formal learning activities, capacity building and policy cooperation.

Expected results: Strengthening of cooperation between youth organisations from all Western Balkans with organisations from the Erasmus+ Programme countries as well as the exchange of expertise and know-how between them in the field of youth and non-formal education; Improved involvement of young people from Western Balkans in international youth cooperation to acquire socio-economical skills which could facilitate young people's employability and their integration in society; Promotion of equity and inclusion by facilitating the access to activities for participants with disadvantaged backgrounds and fewer opportunities; Increased involvement of Western Balkans youth workers in joint projects with youth organisations from Erasmus+ program countries; Improvement of the operational capacity of organisations established in the Western Balkans, notably youth organisations, NGOs and National Youth Councils, in particular with regard to the management of international cooperation projects supported by European Union funds.

Key performance indicators:

- Number of youth and other organisations from the Western Balkans participating in joint activities under this Window with organisations from Erasmus+ Programme countries;
- Number of young people (disaggregated by sex at final report level), in particular young people with fewer opportunities, and youth workers from all Western Balkans in a balanced way in joint projects with organisations from the Erasmus+ Programme countries.
(2) Assumptions and conditions

Not applicable.

(3) Implementation arrangements for the action: Direct management by the Education, Audiovisual and Culture Executive Agency (EACEA).

Grant – Call for proposals (Western Balkans Youth Window under Erasmus +):

a) Objectives and foreseen results: See above.

b) The essential eligibility criteria: Applicants can be non-profit organisations, associations, NGO’s (including European Youth NGOs); national Youth Councils or public bodies at local, regional or national level established in the IPA II beneficiaries of the Western Balkans. These criteria are further detailed in the Erasmus+ Programme Guide. Proposed actions must be transnational and involve a minimum of 3 participating organisations from 3 different Beneficiaries of which at least one is from the Western Balkans and one an Erasmus+ Programme country.

c) The essential selection criteria are financial and operational capacity of the applicant.

d) The essential award criteria are relevance, quality of project design and implementation, quality of the project team and cooperation arrangements, as well as impact and dissemination.

e) Maximum rate of EU co-financing: up to 80% of eligible costs, and/or application of the scales of unit costs valid for the Erasmus+ programme. Several types of costs linked to the involvement of young people with fewer opportunities can be covered up to 100%. The specific financial rules are outlined in the Erasmus+ Programme Guide.

f) Indicative amount of the call: EUR 3.0 million.

g) Indicative date for launch of the call for proposals: two deadlines per year (Q1 2017 and Q3 2017) with indicatively EUR 1.5 million each.
Action 4  |  Preparatory measures for the participation of IPA II beneficiaries in EU Agencies  |  Direct Management  |  EUR 3 million

(I) Description of the action, objectives, expected results and key performance indicators

Description of the action: The action allows selected EU Agencies to carry out specific measures with the IPA II beneficiaries and stakeholders so as to prepare their future participation in these EU Agencies upon membership or earlier. The support aims as well at knowledge transfer to and capacity building of the authorities in the area of expertise of the EU Agencies. The support aims as well at knowledge transfer and capacity building in the area of expertise of the EU Agencies. The preparatory measures include interactive working sessions, trainings and workshops aiming at capacity building, transfer of knowledge and development of skills that should lead to the creation of the necessary administrative structures, compliance of the national legislation with the EU acquis, application of the standardised methodologies in the field of expertise of respective agencies or establishment of effective networks.

Objectives: To support the approximation to and adoption of the EU acquis in the IPA II beneficiaries in areas such as the Rule of Law and Fundamental rights, the transport sector, competitiveness as well as environment and climate change or food and medicines safety.

Expected results: Rule of law strengthened (EMCDDA); Use of existing national focal point and tripartite national network for the collection and dissemination of information via publications, trainings and other routes and activities to raise awareness and support compliance with legislation coherent with the EU acquis in occupational safety and health (EU-OSHA); Communicable disease surveillance and control capacities enhanced, preparedness capabilities improved (ECDC); Enhanced quality of women and men in society (EIGE); Enhanced preparedness of beneficiaries’ authorities to implement EU chemicals acquis, participate effectively in the work of ECHA and become fully operational upon their accession to the EU (ECHA); Enhanced capacity to establish scientific advice function in national food safety systems and IPA preparedness to anticipate and respond effectively to food safety risks (EFSA); Safer medicines (EMA); Comprehensive Environmental Change Reporting (EEA) and informed policy decisions; Availability of up-to-date information and analysis on working conditions and quality of life (Eurofound); Security and safety enhanced and the related

5 European Monitoring Centre for Drugs and Drug Addiction (EMCDDA); European Institute for Gender Equality (EIGE); European Maritime Safety Agency (EMSA); European Union Agency for Railways (ERA); European Aviation Safety Agency (EASA); European Centre for Disease Prevention and Control (ECDC); European Chemicals Agency (ECHA); European Food Safety Authority (EFSA); European Medicines Agency (EMA) - no financial support is provided under the action by the European Commission. EMA continues to participate in the objectives/results of the action through the Agency’s core budget for 2016-2017; European Environment Agency (EEA); European Foundation for the Improvement of Living and Working Conditions (Eurofound); and European Agency for Safety and Health at Work (EU-OSHA).
procedures updated (EASA); Enhanced standards of maritime safety, maritime security and marine pollution prevention, preparedness and response (EMSA) and IMO audit scheme passed; Safety, interoperability enhanced and the related investigation and reporting procedures harmonised with the EU (ERA).

**Key performance indicators:**

- Level of progress achieved by the IPA II beneficiaries towards their full preparation for the participation in the work of the EMCDDA;
- Number of interventions and audience for activities;
- Number of EU notifiable communicable diseases reported to ECDC surveillance systems;
- Number of IPA II beneficiaries that have produced a national Gender Equality Index (EIGE);
- Positive contributions to the implementation the EU chemicals legislation in the beneficiaries’ authorities (ECHA);
- Number of cooperation initiatives established between EFSA, EU member states and IPA II beneficiaries to address the common food safety risks;
- Participation rate in inspection activities (EMA);
- Increased quantity and quality of data reporting under the Eionet core data flows (EEA);
- Available qualitative and quantitative data through European Quality of Life Survey Dataset (Eurofound);
- Increase of Effective Implementation of applicable standards and requirements on aviation safety (EASA);
- Fleet performance under Paris Memorandum of Understanding on Port State Control; Level of implementation and enforcement of maritime law (EMSA);
- Number of legal national texts of the IPA II beneficiaries related to safety and interoperability notified to ERA.

**(2) Assumptions and conditions**

Not applicable.

**(3) Implementation arrangements for the action:** Direct management by DG NEAR D5

**Grant - Direct grant award** *(Preparatory measures for participation of IPA II beneficiaries in EU agencies):*

a) **Objectives and foreseen results:** See above.

b) **Justification for the use of an exception to calls for proposals:** Article 190 (1)(f) of the Rules of Application, since a particular type of body on account of its technical competence and its high degree of specialisation is required.

c) **The names of the beneficiaries:** EMCDDA; EIGE; EMSA; ERA; EASA; ECDC; ECHA; EFSA; EMA; EEA; Eurofound; and OSHA.

d) **Indicative amount of the grants:** (in EUR million) EMCDDA: 0.34; EIGE: 0.20; EMSA: 0.20; ERA: 0.20; EASA: 0.29; ECDC: 0.31; ECHA: 0.18; EFSA: 0.32; EEA: 0.32; Eurofound: 0.35; OSHA: 0.29.
e) Maximum rate of EU co-financing: The maximum possible rate of EU financing will be 100% of the total cost of the action. For EU visibility reasons it is essential that the EU is the sole donor for the action.

f) Indicative date for signing the grant agreements: Q3 2016 – Q4 2017.

<table>
<thead>
<tr>
<th>Action 5</th>
<th>European Integration Facility</th>
<th>Direct Management</th>
<th>EUR 3 million</th>
</tr>
</thead>
</table>

*(1) Description of the action, objectives, expected results and key performance indicators*

Description of the action: The action will enable the implementation of a small number of accession-related actions in order to meet specific and urgent needs in the region, as well as relevant support to networking and visibility activities or unforeseen needs. In that sense, the activities and the tasks will serve the purpose of supporting *acquis* chapters for the unspecified institution building needs (training, technical assistance, grants, etc.), (pre)-feasibility studies, monitoring and evaluation activities, and support for the relevant EU networks. A pilot action for a regional executive programme and exchange component for young civil servants from the Western Balkans is also foreseen.

Objectives: To contribute to progress in the accession process and increase the effectiveness and impact of accession oriented actions.

Expected results: Implementation of a number of accession related project preparatory and start-up actions ensured; Urgent/bridging support for important regional initiatives and organisations; Technical maintenance and development support to important regional initiatives is granted; Visibility material produced; Monitoring and evaluation missions/studies carried out; Networking events organised; Studies and assessments carried out; Training provided; Pilot action of executive and exchange programme successfully completed.

Key performance indicators:

- Number of preparatory and start-up actions implemented;
- Number of good quality communication materials produced;
- Number of outputs, such as Terms of Reference, technical specifications, feasibility studies and other documents;
- Number of trained persons;
- Number of monitoring/evaluation missions carried out;
- Number of young civil servants having successfully completed the executive programme.

*(2) Assumptions and conditions*

Not applicable.

*(3) Implementation arrangements for the action:* Direct management by DG NEAR D5
Procurement:

a) **The global budgetary envelope reserved for procurement**: EUR 2.1 million.

b) **The indicative number and type of contracts**: 5 – 6 service contracts/specific contracts under framework contracts.

c) **Indicative time frame for launching the procurement procedure**: Q4 2016-Q3 2017.

Grant - **Direct grant award** (*EU Scheme for Young Professionals in the Western Balkans*):

a) **Objectives and foreseen results**: To organise a pilot action for a regional executive programme and exchange component for young civil servants from the Western Balkans (5 from each IPA II beneficiary). The 30 candidates would jointly participate in a tailor-made 3-4 week long executive programme covering key public administration areas such as policy formulation and analysis.

b) **Justification for the use of an exception to calls for proposals**: Article 190 (1) (f) of the Rules of Application for actions with specific characteristics that require a particular type of body on account of its technical competence, its high degree of specialisation or its administrative power. The British Council will be awarded the grant directly building on its mandate, strengths, presence and valuable previous expertise in the Western Balkans, particularly in implementing a similar scheme, the Young Cells Scheme in Kosovo.

c) **Name of the beneficiary**: The British Council.

d) **Indicative amount of the grant**: EUR 0.9 million.

e) **Maximum rate of EU co-financing**: The maximum possible rate of EU financing will be 100% of the total cost of the grant. For EU visibility reasons it is essential that the EU is the sole donor for the action.

f) **Indicative date for signing the grant agreement**: Q3 2016.

Grant - **Direct grant award** (*Joint EU and ICTY Training Project for National Prosecutors and Young Professionals from the former Yugoslavia*):

a) **Objectives and foreseen results**: To strengthen the network of war crimes prosecutors in the Western Balkans and information exchange which would enhance the cooperation of judicial authorities in general. To this end, the intervention provides support for a training programme at the International Criminal Tribunal for the former Yugoslavia (ICTY) for visiting national prosecutors specialised in war crimes' investigations and young professionals from the former Yugoslavia. The expected results are: rule of law, inter-ethnic reconciliation processes and regional stability in the Western Balkans improved through effective investigations and prosecution of war crimes; training delivered; quality of prosecutions improved; networking and cooperation improved.

b) **Justification for the use of an exception to calls for proposals**: The direct grant is based on Article 190 (1) (f) for actions with specific characteristics that require a
particular type of body on account of its technical competence, its high degree of specialisation or its administrative power. Only the Mechanism for International Criminal Tribunals (MICT) responsible for the war crime judgements, has the technical capacity and knowledge to conduct this assignment, namely to promote transitional justice in the former Yugoslavia, through raising awareness of the ICTY's/MICT's trials and of their role in the development of the rule of law and enforcement of human rights.

c) **Name of the beneficiary:** Mechanism for International Criminal Tribunals – Office of the Prosecutor (MICT OTP) to whom the responsibilities of the ICTY are being gradually transferred.

d) **Indicative amount of the grant:** EUR 0.2 million.

e) **Maximum rate of EU co-financing:** The maximum possible rate of EU financing will be 95% of the total cost of the grant.

f) **Indicative date for signing the grant agreements:** Q1 2017.

<table>
<thead>
<tr>
<th>Action 6</th>
<th><strong>Enhancing mobility, connectivity and competitiveness in South East Europe – Support to RCC</strong></th>
<th>Direct Management</th>
<th>EUR 7.5 million</th>
</tr>
</thead>
</table>

**(1) Description of the action, objectives, expected results and key performance indicators**

**Description of the action:** The action will support the Regional Cooperation Council (RCC) Secretariat in the implementation of its Strategy and Work Programme 2017-2019. It aims to support regional cooperation and help remove obstacles to increased intra-regional mobility, enhanced connectivity and improved competitiveness in South East Europe (SEE) as well as to build confidence through regional instruments and interventions by 2019.

**Objectives:** To strengthen regional cooperation and economic integration of South East Europe through sustained implementation of SEE 2020 Strategy and the rule of law and security agenda. Strong focus will be given to enhance mobility, connectivity and competitiveness in SEE region.

**Expected results:** (1) Skills and mobility - removing obstacles to mobility of professionals in SEE and creating preconditions for automatic recognition of qualifications in SEE; (2) Connectivity - development of economic corridors in SEE and reduction of roaming charges in the Western Balkans; (3) Competitiveness - improvement of investment policies and development of the industrial base in the region; (4) Rule of law and security – developing a quality legal and regulatory framework, deploying e-services and increasing use of IT tools; addressing corruption more affectively at national and regional level; building and increasing trust in justice in the region and creating of a common judicial culture in line with EU standards;
harmonization of the national legislation dealing with the issues of foreign terrorist fighters.

**Key performance indicators:**

- Increase of intra-regional Trade in goods (SEE 2020);
- Government effectiveness improved, WBI index (SEE 2020);
- Mutual Recognition Agreement (MRA) on Professional Qualifications signed;
- Standards and procedures in place for automatic recognition in line with the commitments made within the Bologna process;
- Regional instrument agreed in the area of investment.

**(2) Assumptions and conditions**

The environment conducive to the implementation of the action will depend on several key factors, including (i) political commitments, (ii) setting up and strengthening the necessary structures for implementation and (iii) developing the capacity of involved stakeholders at the national and regional level.

**(3) Implementation arrangements for the action:** Direct management by DG NEAR D5

**Grant - Direct grant award** *(Enhancing mobility, connectivity and competitiveness in South East Europe – Support to Regional Cooperation Council)*

- **a) Objectives and foreseen results:** See above.
- **b) Justification for the use of an exception to calls for proposals:** Article 190 (1) (c) of the Rules of Application on account of its de facto monopoly. The RCC is thus a unique institution for regional cooperation, and no other organisation can perform this function. By supporting the Action of the RCC Secretariat, which is the main partner for regional cooperation in South East Europe, the EU will also strengthen regional cooperation per se. The EU has made a political commitment to support it as a forum for such cooperation.
- **c) The name of the beneficiary:** RCC Secretariat.
- **d) Indicative amount of the grant:** EUR 7.5 million.
- **e) Maximum rate of EU co-financing:** The maximum possible rate of EU co-financing for this grant is 60.4% of the eligible cost of the action.
- **f) Indicative date for signing the grant:** Q4 2016.
(1) Description of the action, objective, expected results and key performance indicators

Description of the action: The action will be implemented following the conclusion of one direct grant agreement (operating grant) for one year duration (April 2017-March 2018) (with the CEFTA Secretariat. The CEFTA Secretariat with its international core staff continues to support the CEFTA Structures in the implementation of CEFTA and coordinates the former with the implementation of the Integrated Growth Pillar of the SEE 2020 Strategy.

The EU contribution will complement the overall contribution provided to the Secretariat by CEFTA members and will be used to cover salaries and running costs of the CEFTA Secretariat in Brussels.

Objective: To continue supporting the Secretariat in its mandate of technical assistance provider for CEFTA members.

Expected results: Implementation of the CEFTA Agreement promoted; Enforcement of the decisions adopted by the CEFTA Structures to liberalise and facilitate trade strengthened.

Key performance indicators:
- Increase of intra-regional trade in goods;
- Trade liberalization agenda implemented;
- No. of Mutual Recognition Agreements signed and N. of Ministerial Decisions adopted to facilitate trade and liberalise trade in services.

(2) Assumptions and conditions

Main condition for the timely and successful implementation of the initiative is the full commitment by CEFTA members to continue working towards the objective of facilitating trade in the Western Balkans and, within this framework to well as to benefit from the role of the Secretariat as technical service provider.

3) Implementation arrangements for the action: Direct management by DG NEAR A3

Grant - Direct grant award (Support to CEFTA Secretariat):

a) Objectives and foreseen results: See above.

b) Justification for the use of an exception to calls for proposals: Article 190 (1)(f) of the Rules of Application on account of its technical competence and high degree of specialisation. Since 2001, regional trade policy in the region of South East Europe has been developed and implemented under the auspices of the Stability Pact’s Trade Working Group. With the entry into force of Central European Free Trade Agreement (CEFTA) in 2006 responsibility for facilitating, managing, monitoring and promoting trade relations was transferred to the CEFTA institutions. The Secretariat was established in 2007 through a CEFTA
Joint Committee Decision and received the mandate to provide technical and administrative support to the Joint Committee, to any sub-committee, expert group or other body established by the Joint Committee so as to support the CEFTA Parties in the implementation of the CEFTA 2006 and of trade related components of the SEE 2020 Strategy.

c) **Name of the beneficiary:** CEFTA Secretariat.

d) **Indicative amount of the grant:** EUR 0.285 million.

e) **Maximum rate of EU co-financing:** The maximum possible rate of EU co-financing for this grant is 44.82% of the eligible cost of the action.

f) **Indicative date for signing the grant agreement:** Q4 2016.

<table>
<thead>
<tr>
<th>Action 8</th>
<th>Regional cooperation and networking in the field of agriculture, rural and economic development of cross-border areas</th>
<th>Direct Management</th>
<th>EUR 0.5 million</th>
</tr>
</thead>
</table>

(1) **Description of the action, objective, expected results and key performance indicators**

**Description of the action:** The focus of this action is to foster regional cooperation among institutions and stakeholders in the agriculture and food sector, with a view to enabling a more balanced territorial development of the Western Balkans in the perspective of EU integration.

Through this action, the Regional Rural Development Standing Working Group in South Eastern Europe (RRD SWG SEE) will also continue to facilitate regional cooperation so as to create the necessary framework conditions further overall economic development and private sector investments in rural cross-border areas. In addition, the action also aims at improving the conditions for the sustainable use of natural resources and environmental protection in the designated cross-border areas.

**Objective:** to strengthen the networking and cooperation among public institutions and stakeholders as well as with other relevant regional bodies in order to accelerate the EU accession process of the Western Balkans in the agriculture and rural development sectors.

**Expected results:** Enhanced cooperation and networking among IPA II beneficiaries in the agriculture and rural development sectors through the development of joint statements, positions, declarations and the promotion of a continuous political and policy dialogue; Enhanced opportunities for development of the economic and social context in the rural and cross-border areas through the provision of technical support for the development of quality project proposals and information activities.
Key performance indicators:

- Number of political measures/statements for future joint cooperation in the field of agriculture and rural development among the Western Balkans;
- Number of agriculture and rural development common policies directions set in line with EU acquis.

(2) Assumptions and conditions

Successful implementation is only possible through coordinated, collaborative and comprehensive efforts of all stakeholders working together towards a shared vision of integrated economic development of the cross-border regions.

(3) Implementation arrangements for the action: Direct management by DG NEAR A4

Grant - Direct grant award *(Regional cooperation and networking in the field of agriculture, rural and economic development of cross-border areas)*:

a) Objectives and foreseen results: See above.

b) Justification for the use of an exception to calls for proposals: Article 190 (1)(f) of the Rules of Application, since the Regional Rural Development Standing RRD SWG SEE is a particular type of body with relevant technical competence.

The European Commission has worked with the RRD SWG SEE since September 2011 which successfully completed a first preparatory project for the implementation of an area-based development approach (ABDA) in September 2012. Since then the RRD SWG SEE methodology combined with the existing structures are perceived by local stakeholders as an adequate response to the needs, in particular because it has access to international institutions and can advise the national administrations with regards to improving the legal framework for local development or taking into account bottom-up expressed needs on the design of top-down strategies. It can also act as an institutional umbrella for facilitation of the implementation of initiatives in the selected cross-border regions.

The RRD SWG SEE has been involved since the beginning in the development of ABD programmes and has been and continues to be an informed and active participant in the entire evolution of this process. In this regard, the PMUs established under previous projects are well placed to assist and facilitate project generation within the regional strategic framework and programming for economic development of the cross-border region. In addition, the publicity for other relevant policy instruments and available support will be enhanced by the PMU.

c) Name of the beneficiary: RRD SWG SEE.

d) Indicative amount of the grant: EUR 0.5 million.

e) Maximum rate of EU co-financing: The maximum possible rate of EU financing will be 100% of the total cost of the action. SWG provides support to the implementation of the IPA II beneficiaries' reform efforts (including acquis alignment) in the Western Balkans in line with Article 1 of Regulation 231/2014, in particular in the area of agriculture and rural development. This requires
significant resources which SWG does not avail of, hence a 100% support for the action is needed.

f) **Indicative date for signing the grant agreement:** Q3 2017.

<table>
<thead>
<tr>
<th>Action 9</th>
<th>JASPERS' assistance to Turkey in the environment sector</th>
<th>Direct Management</th>
<th>EUR 1 million</th>
</tr>
</thead>
</table>

(1) **Description of the action, objective, expected results and key performance indicators**

**Description of the action:** JASPERS is a technical assistance facility created to support the new Member States which joined the EU in 2004 and 2007 to access EU Structural Funds. Since 2013, JASPERS has expanded its services to the former Yugoslav Republic of Macedonia, Montenegro and Serbia. In view of the positive experience in these countries, it was decided to extend the opportunity of JASPERS' support to all IPA II beneficiaries. This action will allow the continuity of the technical assistance offered by JASPERS since the beginning of 2016. The action will therefore provide technical assistance to prepare successful, high quality environment infrastructure projects in Turkey, jointly identified by the European Commission, the EU Delegation to Turkey and the Turkish Ministry of Environment and Urbanisation. It will contribute to bring these priority investments projects to maturity by offering support to develop, manage and review the quality of project preparation documents, making them eligible and mature for EU funds.

**Objective:** To support the improvement of living standards and hygienic conditions for the population and the resulting socio-economic growth of Turkey by improving the quality of the environmental infrastructures investment projects ready for financing/implementation.

**Expected results:** Accelerate and improve the preparation, development, management and review of environment infrastructure investment projects jointly identified by the European Commission, the EU Delegation to Ankara and the Turkish Ministry of Environment and Urbanisation, and contribute to the exchange of skills and knowledge.

**Key performance indicators:**
- Number of projects supported by JASPERS which have been fully completed (source: JASPERS' progress report);
- Total value of the project supported by JASPERS (source: idem);
- Total EU funding used for the projects supported by JASPERS (source: idem).

(2) **Assumptions and conditions**

Not applicable.

(3) **Implementation arrangements for the action:** Direct management by DG NEAR D5
Grant - Direct grant award *(JASPERS' assistance to Turkey in the environment sector)*:

a) **Objectives and foreseen results:** See above.

b) **Justification for the use of an exception to calls for proposals:** In accordance with Article 125 (7) of the Financial Regulation, the grants for actions of technical assistance may be awarded to the EIB without a call for proposals. In such cases Articles 131(2) to (5) and 132(1) shall not apply.

c) **Name of the beneficiary:** European Investment Bank (EIB).

d) **Indicative amount of the grant:** EUR 1 million.

e) **Maximum rate of EU co-financing: chose one of the following options:** The maximum possible rate of EU financing will be 100% of the total cost of the action. For EU visibility reasons it is essential that the EU is the sole donor for the action.

f) **Indicative date for signing the grant agreement:** Q3 2016.

<table>
<thead>
<tr>
<th>Action 10</th>
<th>Regional Energy Efficiency Programme (REET Plus)</th>
<th>Indirect Management</th>
<th>EUR 30 million</th>
</tr>
</thead>
</table>

(1) **Description of the action, objective, expected results and key performance indicators**

**Description of the action:** The action supports the extension of the Regional Energy Efficiency Programme for the Western Balkans – a comprehensive programme that will be ultimately implemented by two lead IFIs (the European Bank for Reconstruction and Development (EBRD) and the Kreditanstalt für Wiederaufbau (KfW), with the aim to deliver energy efficiency finance using investment grants and technical assistance to address persisting market barriers, and thus stimulating the longer-term energy efficiency market development. It aims to create an enabling policy environment, support investment preparation and provide medium-term financing to encourage households, businesses and the public sector to prioritise investment in energy efficiency. The action focuses on enabling financing operations in this area and extends the programme to also benefit the residential sector.

**Objectives:** To support the Western Balkans in developing an effective energy efficiency market in order to achieve estimated energy savings and carbon emission reductions.

**Expected results:** Policy dialogue support to beneficiaries increased; Financing on-lent to finance eligible investments; Sustainable Capacity Building in partner financing institutions (PFIs) and Transfer of Skills; Market Expansion.

**Key performance indicators:**
- Number of households and businesses reached (source: Western Balkans Investment Framework-WBIF reporting);
- Number of officials trained (source: WBIF reporting);
• Value of energy savings at facility level.

(2) Assumptions and conditions

REEP Plus has been conceptualized based on assumptions that risks have been identified (such as economic, product, and implementation risks, inter alia), and that these risks have been mitigated by the appropriate actions. These actions include e.g. EBRD’s and KfW’s standard selection criteria of PFI’s for integrity and business conduct; financial stability, capacity and appetite to participate in lending operations; comprehensive TA support to minimize the risk of slow roll-out; activates aiming at improving quality of installation and engineering services.

(3) Implementation arrangements for the action: Indirect management through the signature of a contribution arrangement between the European Commission, the EBRD and the EIB, as the WBIF European Western Balkans Joint Fund (Joint Fund) Managers. The individual projects will subsequently be implemented by the two lead IFIs (EBRD and KfW).

(3)(a) Entity entrusted with budget implementation tasks

The EIB and the EBRD are the Funds Managers of the WBIF Joint Fund, which will channel the IPA allocation to the lead IFIs (EBRD and KfW).

Fall back option: In case the WBIF Steering Committee (as the highest body of the WBIF decision making) would not approve this approach, the European Commission reserves the possibility as a fall back option to sign separate delegation agreements, with EUR 25 million allocated for EBRD and EUR 5 million for KfW.

The EBRD and KfW are experienced risk finance institutions and as such possess significant experience in developing and implementing EU finance facilities. The two institutions have been active in financing energy efficiency in the Western Balkans since mid-2000s. In 2013, with the support of the European Union and in partnership with the Energy Community Secretariat (ECS), the EBRD established the Regional Energy Efficiency Programme (REEP) for the Western Balkans. REEP Plus is the extension of REEP into the residential sector (covered by EBRD), and continuation of financing of the private and public sectors (covered by KfW).

The essential selection criteria of the two lead IFIs are their financial and operational capacity, as well as relevance, effectiveness and feasibility, sustainability and cost-effectiveness of the execution of the action. EBRD and KfW, as implementers of energy efficiency projects in the region, will provide added value to the REEP Plus through the existing network of participating financial institutions, their offices in all the six beneficiaries, existing staff already operational, as well as existing REEP website and visibility activities. The EU co-financing rate is fixed at 15.18%.

(3)(b) Short description of the tasks entrusted to the entity

Tasks entrusted to the Joint Fund Managers:

The EBRD and the EIB are the Managers of the Joint Fund. They will be responsible for the same tasks as already identified in the general conditions of the Joint Fund, in particular:
• Managing IPA Funds through the Joint Fund;
• Disbursing funds from the Joint Fund to the lead IFIs;
• Channelling funds recovered from lead IFIs;
• Compiling reports on the Joint Fund;
• Collecting reports from lead IFIs and submitting these reports to Commission/PFG/SC.

**Tasks entrusted to the Lead IFIs**

Window 1: consisting of:

(a) Technical support for preparing public tenders for energy efficiency ESCO (Energy Service Companies) projects - consisting of TA to support the preparation of tender documentation for ESCO projects.

Window 2 - Credit Line Facility to local partner financial institutions with two sub-windows focused on (i) the Residential Sector and (ii) the corporate SME and municipal sectors. It is expected that at least 70% of the financing provided to participating Financial Institutions (PFIs) under Window 2 will be on-lent to residential sector.

Window 3 – Direct Lending Facility covering private sector investments in sustainable energy including ESCOs, industrial energy efficiency and small renewable energy projects. This window may be expanded further to include risk-sharing for renewable energy projects financed by commercial banks.

Window 4 – Capital expenditure grant co-financing in support of direct municipal loans to the State, cities or municipal companies, under guarantee of the City or the State, to improve energy efficiency in public buildings (i.e. schools, hospitals, government buildings).

REEP Plus will be implemented by EBRD with KfW partnering in Window 2. KfW will be focusing on SME and Municipal lending activities through commercial banks.

REEP Plus will be managed and administered by the lead IFIs EBRD and KfW in accordance with the two institutions’ policies and procedures in collaboration with relevant stakeholders and other private sector development initiatives including the EU Delegations. The PFIs will be selected by the EBRD and KfW based on their financial strength, geographic coverage and branch network, and commitment to engage in sustainable energy finance.

The EBRD and KfW will select the borrowers to be financed in accordance with its own internal procedures. The EBRD and KfW assess the creditworthiness of each borrower on a case-by-case basis as part of the due diligence process and puts in place appropriate credit quality monitoring benchmarks/ covenants. The EU will be kept regularly informed on the loans signed through the progress reports.
The EBRD and KfW will procure and manage the Consultants providing services under the technical assistance and provide guidance on interaction with the relevant governments on policy dialogue. Consultants will be selected and contracted pursuant to the EBRD and KfW procurement policies and rules.

| Action 11 | Technical assistance towards the implementation of the new Paris Climate Agreement | Direct Management | EUR 0.5 million |

(1) Description of the action, objective, expected results and key performance indicators

Description of the action: The action provides assistance to support the implementation of the 2015 Paris climate agreement in the Western Balkans and Turkey. It will support efforts from IPA II beneficiaries through a project with a limited scope of activities designed to bridge the period between the current multi-annual Environment and Climate Regional Accession Network (ECRAN) and the next IPA II Multi-country Programme 2017. In this perspective, the action will be instrumental in keeping the momentum created by the ECRAN programme and supporting IPA II beneficiaries in their climate and energy policy reforms, as well as their efforts in transformation towards a resource efficient, low emissions and climate-resilient economy.

The action will focus on some climate awareness actions on climate policy and on provisions of the 2015 Paris climate agreement and some further support to convergence with EU Emissions Trading System (ETS) and the Greenhouse gas (GHG) Monitoring Mechanism Regulation (MMR) legislation. The action should simultaneously address both the high-level raising awareness and work on technical level.

Objective: To support the beneficiaries to build their capacity towards the implementation of the 2015 Paris Climate Agreement and to provide further support to low emissions development; To support regional cooperation through the exchange of information, best practices, experience and awareness-raising between and among IPA II beneficiaries.

Expected results: Climate policies and strategies to support implementation of IPA beneficiaries' commitments under the Paris climate agreement identified; Plans for capacity building on national GHG inventories prepared; Monitoring and reporting, and accreditation and verification requirements targeted at operators, authorities and verifiers under the EU ETS strengthened.

Key performance indicators:

- Number of workshops and/or high-level dialogues raising awareness on the 2015 Paris Climate Agreement held;
- Number of civil servants in the workshops/high-level dialogues;
- Greenhouse gas (GHG) Inventory Reports for EEA /United Nations Framework Convention for Climate Change (UNFCCC) submitted;
- Number of guidelines for operators/authorities/verifiers on monitoring and reporting and accreditation and verification drafted.
(2) Assumptions and conditions
Not applicable.

3) Implementation arrangements for the action: Direct management by DG CLIMA

Procurement:

a) The global budgetary envelope reserved for procurement: EUR 0.5 million.

b) The indicative number and type of contracts: one service contract (international restricted tender following the PRAG rules).

c) The indicative time frame for launching the procurement procedure: Q2 2016.

| Action 12 | Support to the follow up of electoral recommendations in the Western Balkans | Direct Management | EUR 1.4 million |

(1) Description of the action, objectives, expected results and key performance indicators

Description of the action: The action aims to assist the five OSCE (Organisation for Security and Co-operation in Europe) participating States in the Western Balkans (Albania, Bosnia and Herzegovina, the former Yugoslav Republic of Macedonia, Montenegro, and Serbia), as well as Kosovo, in bringing the conduct of elections closer in line with OSCE commitments and other international obligations and standards for democratic elections in order to enhance public confidence in electoral management bodies and key electoral processes. This action is also in line with the EU Action Plan on Human Rights and Democracy 2015-2019, that sets specific objectives on way to ensure a thorough follow up to EU and OSCE/ODIHR Electoral Observation Missions (EOMs) recommendations in EU political dialogues and democracy support activities. This will be achieved by the Office for Democratic Institutions and Human Rights (ODIHR) providing assistance to IPA II beneficiaries in the Western Balkans in the follow-up to OSCE/ODIHR electoral observation mission's recommendations (and, in Kosovo, on the basis of EU election observation mission's recommendations) in an inclusive manner and sufficiently in advance of the next elections, in particular in areas related to election administration, voter registration, and the conduct of the media during the election campaign. The action will be implemented in close coordination with the European Commission and the European External Action Service (EEAS) to ensure full complementarity between the election review and assistance provided by ODIHR with EU political interactions with the relevant IPA II beneficiaries.

Objectives: To provide support to targeted IPA II beneficiaries to implement the OSCE/ODIHR recommendations (EU in Kosovo) in particular, in areas related to election management, voter registration and media oversight.

Expected results: The capacity of election management bodies to conduct elections in an administratively effective, politically impartial, and transparent manner is strengthened;
The accuracy of voter lists and voter registration processes is enhanced, including through effective co-ordination with existing population registers and meaningful consultation of voter lists for all electoral stakeholders; Media regulatory bodies to regulate and monitor media conduct during elections, thereby contributing to a pluralistic and fair campaign environment is increased.

**Key performance indicators:**

- % of OSCE/ODIHR and EU EOM's recommendations implemented by the targeted IPA II beneficiaries;
- Degree of implementation on each specific recommendations in the thematic areas of election management, voter registration and media oversight.

**(2) Assumptions and conditions**

All targeted IPA II beneficiaries have had recent elections observed by the OSCE/ODIHR (by the EU in Kosovo), resulting in a detailed assessment and series of recommendation. Alongside a request for support from the participating States and the tasking of a lead agency to manage the follow-up, this constitutes the key conditions for OSCE/ODIHR to engage with a targeted IPA II beneficiary and implement the action.

It is important that there is general will by domestic stakeholders to improve the election framework to bring the latter in line with the EOMs recommendations.

An additional condition to be noted is that the targeted IPA II beneficiaries have sufficient stability regarding their electoral cycles (including the potential scheduling of early elections), so as to provide for the delivery of assistance in a timely and considered manner in the intervening period between elections.

OSCE/ODIHR will prioritize the follow-up assistance according to the needs and interests of the participating IPA II beneficiary, the time available before the next election and the resources available for the implementation of the action.

**(3) Implementation arrangements for the action:** Direct management by DG NEAR DS

**Grant - Direct grant award (Support to the follow-up of electoral recommendations in the Western Balkans)**

a) **Objectives and foreseen results:** See above.

b) **Justification for the use of an exception to calls for proposals:** Article 190 (1)(f) of the Rules of Application on account of its technical competence and high degree of specialisation.

Established in 1991, the Office for Democratic Institutions and Human Rights (ODIHR) is the specialized institution of the OSCE dealing with the following areas: democratic elections, respect for human rights, tolerance and non-discrimination, and the rule of law (www.osce.org/odihr). OSCE/ODIHR is the leading agency in Europe in the field of election observation and its unique methodology provides an in-depth insight into all elements of an electoral process, and permits to make concrete recommendations to further improve electoral processes. OSCE/ODIHR has pioneered approaches to election
observation follow-up as an approach which contributes to the building of
democratic institutions.

c) The name of the beneficiary: OSCE/ODIHR.
d) Indicative amount of the grant: EUR 1.4 million.
e) Maximum rate of EU co-financing: The maximum possible rate of EU co-
financing for this grant is 88.77% of the eligible cost of the action.
f) Indicative date for signing the grant: Q1 2017.

<table>
<thead>
<tr>
<th>Action 13</th>
<th>Support to preventing and combating violent extremism (P/CVE) in the Western Balkans</th>
<th>Direct Management</th>
<th>EUR 3 million</th>
</tr>
</thead>
</table>

(1) Description of the action, objectives, expected results and key performance indicators

Description of the action: The action aims to assist the Western Balkans in their efforts
to prevent and combat violent extremism, notably by introducing the Radicalisation
Awareness Network (RAN) model and its approach in the Western Balkans and by
carrying out small scale actions with specialised (international) organisations (in
particular, Civil Society Organisations).

Objective: To contribute to curb security risks of radicalization, violent extremism (VE)
leading to terrorism, and recruitment of foreign terrorist fighters (FTF).

Expected results: The level of awareness and understanding of the radicalization and
VE threat among the general public and in particular within the target groups is
increased; Western Balkan RAN approach is designed and under implementation
(including a possible RAN satellite office); National P/CVE Action programmes are
adopted and under implementation; Group of P/CVE and counter terrorism (CT) experts
are operational in the region, in addition to one RAN focal point per relevant IPA II
beneficiary; Regional CT and CVE web-based platform is operational; Small scale
P/CVE actions in the region are implemented.

Key performance indicators:

- Degree of RAN-readiness;
- Number of P/CVE Action programmes developed and adopted;
- Degree of use of CT and CVE web based platforms.

(2) Assumptions and conditions

Cultivating and enhancing the coalition of organisations and persons (both international
and national) on P/CVE is crucial. The support of the national authorities to adopt and
deploy the RAN approach depends on the willingness of the authorities and civil society
to work together. It requires that the authorities design concrete and comprehensive
programmes on P/CVE. The action will help the relevant IPA II beneficiaries in this work but this work can only be successful if the political will for this exists. In case this is not being evidenced, activities may be redirected to other areas.

The effectiveness of the work also depends very much on the sharing of information, experiences and expertise among the different players. This will need to be streamlined by a coordination body using modern IT tools.

(3) **Implementation arrangements for the action**: Direct management by DG NEAR D5

**Grant - Direct grant award** *(Support to preventing and combating violent extremism (P/CVE) in the Western Balkans)*

a) **Objectives and foreseen results**: See above.

b) **Justification for the use of an exception to calls for proposals**: Article 190 (1)(f) of the Rules of Application, since the Democratic Control of Armed Forces (DCAF Ljubljana) is a particular type of body with relevant technical competence.

Considering the work already carried out by the Democratic Control of Armed Forces (DCAF Ljubljana) and the South East European Police Cooperation Convention (SEE PCC), as funded by DCAF, under the First Line project and the Western Balkan Counter Terrorism initiative is seems evident that the DCAF Ljubljana should take of the overall management. It has the expertise, and necessary links to the key players of the IPA II beneficiaries as well as other implementing bodies.

c) **The name of the beneficiary**: Democratic Control of Armed Forces (DCAF Ljubljana). DCAF Ljubljana will act in partnership with the SEE PCC and RCC.

d) **Indicative amount of the grant**: EUR 3 million.

e) **Maximum rate of EU co-financing**: The maximum possible rate of EU co-financing for the grant under this grant is 95.2 % of the eligible cost of the action.

f) **Indicative date for signing the grant**: Q1 2017.

*Provision applying to all grants under section 2.2*: The maximum possible rate of EU financing may be up to 100% of the total cost of the action in accordance with Article 192 of Financial Regulation if full funding is essential for the action to be carried out. The necessity for full EU funding will be justified by the responsible authorising officer in the award decision, in respect of the principles of equal treatment and sound financial management.

DM - Direct management
IM - Indirect management

*The grant is a combination of unit costs and portion of eligible costs. The specific financial rules are outlined in the Erasmus+ Programme Guide.*
4 IMPLEMENTATION MODALITIES AND GENERAL RULES FOR PROCUREMENT AND GRANT AWARD PROCEDURES

DIRECT MANAGEMENT:

Part of this programme shall be implemented by direct management by the European Commission in accordance with article 58(1)(a) of the Financial Regulation and the corresponding provisions of its Rules of Application.

Procurement shall follow the provisions of Part Two, Title IV Chapter 3 of the Financial Regulation No 966/2012 and Part Two, Title II, Chapter 3 of its Rules of Application.

Grant award procedures shall follow the provisions of Part Two Title IV Chapter 4 of the Financial Regulation No 966/2012 and Part Two Title II Chapter 4 of its Rules of Application.

Under the Financial Regulation, Parts One and Three of the Financial Regulation and its Rules of Application shall apply to external actions except as otherwise provided in Part Two, Title IV.

The European Commission may also use services and supplies under its Framework Contracts concluded following Part One of the Financial Regulation.

INDIRECT MANAGEMENT:

Part of this programme shall be implemented by indirect management with entrusted entities other than the IPA II beneficiary in accordance with Article 58(1)(c) of the Financial Regulation and the corresponding provisions of its Rules of Application.

The general rules for procurement and grant award procedures shall be defined in the relevant delegation agreements between the Commission and the entrusted entity implementing such action.

5 PERFORMANCE MONITORING ARRANGEMENTS

As part of its performance measurement framework, the European Commission shall monitor and assess progress towards achievement of the specific objectives set out in the IPA II Regulation on the basis of pre-defined, clear, transparent measurable indicators. The progress reports referred to in Article 4 of the IPA II Regulation shall be taken as a point of reference in the assessment of the results of IPA II assistance.

The European Commission will collect performance data (process, output and outcome indicators) from all sources, which will be aggregated and analysed in terms of tracking the progress versus the targets and milestones established for each of the actions of this programme, as well as the Multi-Country Indicative Strategy Paper.

In the specific context of indirect management by IPA II beneficiaries, National IPA Coordinators (NIPACs) will collect information on the performance of the actions and programmes (process, output and outcome indicators) and coordinate the collection and production of indicators coming from national sources.
The overall progress will be monitored through the following means: a) Result Orientated Monitoring (ROM) system; b) IPA II Beneficiaries' own monitoring; c) self-monitoring performed by the EU Delegations; d) joint monitoring by DG Neighbourhood and Enlargement Negotiations and the IPA II Beneficiaries, whereby the compliance, coherence, effectiveness, efficiency and coordination in implementation of financial assistance will be regularly monitored by an IPA II Monitoring committee, supported by Sectoral Monitoring committees, which will ensure a monitoring process at sector level.
