The European Union stands united in its unwavering support of Ukraine in the face of Russia’s unprovoked and unjustified aggression and the illegal annexation of Ukrainian territory by the Russian Federation.

The EU is committed to help Ukraine resist this aggression, support Ukraine’s financing needs and to play a major role in Ukraine’s recovery, reconstruction and modernisation towards a green, digital, and inclusive economy.

The EU is equally engaged in supporting reforms that will foster Ukraine’s EU accession path.

The Ukraine Facility, which entered into force on 1 March 2024, is the EU’s tool for these efforts.

Work is ongoing on the implementation of the G7 agreement on an additional loan of 50 billion US dollars to Ukraine, to be serviced and repaid by future flows of extraordinary revenue from the immobilised or frozen Russian assets.
