COMMISSION IMPLEMENTING DECISION

of 21.6.2023

on the financing of the special measure in favour of Ukraine for 2023

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Whereas:

(1) In order to ensure the implementation of the special measure in favour of Ukraine for 2023, it is necessary to adopt an annual financing decision, which constitutes the annual work programme, for 2023. Article 110 of Regulation (EU, Euratom) 2018/1046 (‘the Financial Regulation’) establishes detailed rules on financing decisions.

(2) The envisaged assistance should comply with the conditions and procedures set out by the restrictive measures adopted pursuant to Article 215 TFEU.

(3) The objectives pursued by the special measure to be financed under the Neighbourhood geographical programme of Regulation (EU) 2021/947 should contribute to the macro-financial stability of Ukraine by granting an interest rate subsidy in respect of the loans under the Union’s exceptional macro-financial assistance provided to Ukraine in 2022.

(4) As part of the response to Russia’s ongoing unprovoked and unjustified war of aggression against Ukraine, the Union’s exceptional macro-financial assistance of up to EUR 1 billion pursuant to Decision (EU) 2022/1201 of the European Parliament

and of the Council, provided swift and urgent support to the Ukrainian budget and was fully disbursed in two tranches in August 2022. A second instalment of up to EUR 5 billion pursuant to Decision (EU) 2022/1628 of the European Parliament and of the Council, was disbursed in three tranches between October and December 2022.

Decision (EU) 2022/1628, which complements and amends Decision (EU) 2022/1201, establishes that, by derogation from Article 220(5), point (e), of the Financial Regulation, the Union may bear interest by granting an interest rate subsidy in respect of the loans under both Decisions. Ukraine may request the interest rate subsidy by the Union by the end of March of each year.

Decision (EU) 2022/1628 also establishes that the financial envelope referred to in Article 6(2), point (a), first indent, of Regulation (EU) 2021/947 shall be used to cover the costs of interest payments related to the Union’s macro-financial assistance during the period of the multiannual financial framework 2021–2027 as an interest rate subsidy, provided that Ukraine requests such subsidy.

The 24th EU-Ukraine Summit of 3 February 2023 highlighted the historical importance of the decision of the European Council of 23 June 2022 to recognize the European perspective of and grant the status of candidate country to Ukraine. The EU and Ukraine underlined that relief, reconstruction, reforms and Ukraine’s European path are mutually reinforcing, underpinning Ukraine’s efforts in its modernization and alignment with EU standards. The Summit confirmed the Union’s commitment to continue and intensify support to Ukraine.

In February 2023, Ukraine requested to receive an interest rate subsidy in respect to the loans under the exceptional macro-financial assistance for Ukraine for the year 2023. The first payment of the interest charge in 2023 is due by 1 August 2023. This subsidy will contribute, along with other Union’s actions, to Ukraine’s macro-financial stability and its prospective of fast recovery. The option of this subsidy was not provided for in the multiannual indicative programme in favour of Ukraine for the period 2021-2027. Consequently, it is appropriate to use a special measure to grant such subsidy for the year 2023.

In order to allow for flexibility in the implementation of the measure, it is appropriate to allow changes which should not be considered substantial for the purposes of Article 110(5) of the Financial Regulation.

The measure provided for in this decision is in accordance with the opinion of the Committee established under Article 45 of Regulation (EU) 2021/947.
